ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On November 3, 2013, Berry Petroleum Company (“Berry” or the “Company”) entered into an Amendment (the “Amendment”) to the Agreement and Plan of Merger, dated as of February 20, 2013 (the “Original Merger Agreement”), by and among Berry, Linn Energy, LLC (“Linn Energy”), LinnCo, LLC (“LinnCo”), Linn Acquisition Company, LLC, a direct wholly owned subsidiary of LinnCo, Bacchus HoldCo, Inc., a direct wholly owned subsidiary of the Company (“HoldCo”), and Bacchus Merger Sub, Inc., a direct wholly owned subsidiary of HoldCo.

As described in the Current Report on Form 8-K filed by the Company on February 21, 2013, the Original Merger Agreement had provided for LinnCo to acquire the Company in an all-stock transaction in which the Company’s stockholders would receive 1.25 shares (the “Exchange Ratio”) representing limited liability company interests in LinnCo (“LinnCo Shares”) for each share of Company common stock. The Amendment provides for an increase in the Exchange Ratio to 1.68 LinnCo Shares for each share of Company common stock.

The Original Merger Agreement also provided that any party to that agreement could unilaterally terminate it if the merger was not consummated by October 31, 2013. The Amendment extends this date to January 31, 2014.

The board of directors of the Company has unanimously approved and adopted the Amendment and has agreed to recommend that the Company’s stockholders approve and adopt the Original Merger Agreement, as amended by the Amendment, subject to certain exceptions set forth therein. The foregoing summary of the Amendment does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Amendment, which is filed as Exhibit 2.1 to this Current Report on Form 8-K. Other than as expressly modified pursuant to the Amendment, the Original Merger Agreement, which was filed as Exhibit 2.1 to the Current Report on Form 8-K filed by the Company with the U.S. Securities and Exchange Commission on February 21, 2013, remains in full force and effect as originally executed on February 20, 2013.

The Amendment and the above description have been included to provide investors and security holders with information regarding the terms of the Amendment. They are not intended to provide any other factual information about the Company, Linn, LinnCo or their respective subsidiaries or affiliates or equityholders. The representations, warranties and covenants contained in the Original Merger Agreement and the Amendment were made only for purposes of those agreements and as of specific dates; were solely for the benefit of the parties thereto; and may be subject to limitations agreed upon by the parties, including being qualified by confidential disclosures made by each contracting party to the other for the purposes of allocating contractual risk between them that differ from those applicable to investors. Investors should be aware that the representations, warranties and covenants or any description thereof may not reflect the actual state of facts or condition of the Company, Linn, LinnCo or any of their respective subsidiaries, affiliates, businesses, or equityholders. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of such agreements, which subsequent information may or may not be fully reflected in public disclosures by the Company, Linn or LinnCo. Accordingly, investors should read the representations and warranties of the Company, Linn or LinnCo and their respective subsidiaries that the respective companies include in reports, statements and other filings they make with the U.S. Securities and Exchange Commission.

On November 4, 2013, the Company, Linn Energy and LinnCo issued a joint press release announcing the execution of the Amendment. The press release is attached hereto as Exhibit 99.1 and is incorporated into this Item 8.01 by reference.

NEWS RELEASE

LINN Energy, LinnCo and Berry Petroleum Company Amend Merger Agreement

Exchange Ratio Increased to 1.68; Transaction Valued at \$4.9 Billion

HOUSTON and DENVER, November 4, 2013 – LINN Energy, LLC (NASDAQ: LINE), LinnCo, LLC (NASDAQ: LNCO) and Berry Petroleum Company (NYSE: BRY) (the “Companies”) announced today that the boards of directors of LINN Energy, LinnCo and Berry have unanimously approved an amended merger agreement. The Companies have executed an amendment to the existing merger agreement to provide for an increase in the exchange ratio that each outstanding share of Berry common stock would receive in the merger and an extension of the end date to January 31, 2014.

Transaction Terms

Under the amended terms of the agreement, LinnCo has agreed to increase the number of common shares it is issuing to 1.68 common shares, from 1.25 common shares, for each common share of Berry outstanding prior to the merger for total consideration of approximately \$4.9 billion, including the assumption of debt. The transaction, which is structured as a stock-for-stock merger of Berry with LinnCo followed by the acquisition of the Berry assets by LINN Energy, is expected to be tax-free to Berry shareholders. The proposed merger will create one of the largest independent oil and natural gas companies in North America with pro forma production of more than 1 Bcfe per day and proved reserves of approximately 6.6 Tcfe (54 percent liquids).

In a joint statement, Mark E. Ellis, Chairman, President and Chief Executive Officer, LINN Energy, and Robert F. Heinemann, President and Chief Executive Officer, Berry Petroleum Company, said, “The boards and management teams of LINN and Berry remain committed to completing this merger. We continue to believe that, upon completion, this transaction will create tremendous value for LINN Energy, LinnCo and Berry investors.”

Mr. Ellis continued, “Since initially engaging with Berry, their operations have consistently outperformed expectations, which is evidenced by their recent third quarter 2013 results. We have great respect for the Berry employees and look forward to welcoming them to the LINN Energy team.”

Berry Petroleum Company Highlights

- Berry’s long-life, low-decline, mature assets are an excellent fit for an MLP/LLC;
- Meaningful growth to LINN’s portfolio with increased geographic presence in California, the Permian Basin, East Texas, and the Rockies, as well as the addition of an attractive new core area in the Uinta Basin;
- Production of approximately 250 MMcfe/d, increasing LINN’s current production by 30 percent;
- Berry’s reserves are approximately 75% percent oil, which results in a meaningful increase in liquids exposure to 54 percent from 47 percent of proved reserves, as of December 31, 2012 pro forma for recent acquisitions and divestitures;
- Proved reserves of approximately 1.65 Tcfe, increasing LINN’s estimated proved reserves by 33 percent;
- LINN has identified additional probable and possible reserves at Berry of approximately 3.8 Tcfe;
- Approximately 2,850 producing wells and more than 200,000 net acres; and
- Potential for production optimization and cost savings.

Financial Highlights of the Transaction

- The transaction is expected to be accretive to LINN’s cash available for distribution;
- All stock consideration and greatly increased size are expected to result in significantly improved debt metrics for LINN; and
- As part of the transaction, Berry will be converted into a limited liability company and then it will be contributed to LINN in exchange for LINN units. This arrangement allows LINN to own Berry’s assets in a pass-through entity without any immediate payment of tax.

Timing

As part of the agreement, the Companies have agreed to extend the date after which any party may terminate the pending merger agreement to January 31, 2014, from October 31, 2013. The Companies have set a new record date of November 14, 2013, and anticipate scheduling a meeting for the middle of December for LINN Energy, LinnCo and Berry and their respective unitholders and shareholders to vote on the proposed transaction. Amendment No. 7 to the Joint Registration Statement on Form S-4 containing the new transaction terms is anticipated to be filed on Tuesday, November 5, 2013. Further details

about the amended merger agreement will be contained in a Current Report on Form 8-K to be filed by each company today with the Securities and Exchange Commission.

LinnCo Estimated Taxes

The board of directors for each of LINN Energy and LinnCo reconvened their independent committees to evaluate any potential conflicts that may arise between LINN Energy and LinnCo, as a result of the amendment to the merger agreement. The committees estimate that, due to the significant shield provided by LINN to LinnCo, LinnCo's cash tax liability will be approximately \$0.00, \$0.01 and \$0.07 per share for 2013, 2014 and 2015, respectively. LINN's management and board will continue to evaluate the need for any additional payments from LINN Energy to LinnCo should taxes be higher than expected.

Senior Notes

LINN Energy expects that the completion of this transaction will trigger change of control provisions in the indentures governing Berry's existing senior notes. These change of control provisions entitle holders of the notes to receive 101 percent of par for the notes plus accrued and unpaid interest from a change of control offer related to each series of notes. LINN Energy expects any of Berry's notes not tendered pursuant to the change of control offers to remain outstanding following the transaction, subject to any opportunistic refinancing of such notes it may pursue in the future based on market conditions.

Conference Call and Webcast

LINN Energy has rescheduled its previously announced conference call to Tuesday, November 5, 2013, at 10 a.m. Central (11 a.m. Eastern) to discuss the Berry merger and the Company's third quarter 2013 operational and financial results. The Company will issue a press release announcing additional details regarding the call on Monday, November 4, 2013.
